Mr. Chris Fussner

Chairman, VEF Board of Directors
Vietnam Education Foundation
Hanoi Towers, Suite 502, 49 Hai Ba Trung St., Hoan Kiem Dist.,
Hanoi, Vietnam

Dear Mr. Chris Fussner,

It is with deepest thanks that I write this letter in appreciation of your extraordinary success in creating educational exchange activities for Vietnamese nationals to pursue graduate studies and professional development at U.S universities as well as for Americans to go to Vietnam and give lectures/seminars at Vietnamese universities. This really strengthened the mutually beneficial relationship between Vietnam and the United States.

I am deeply appreciative that VEF has also resulted in a number of other outcomes. These include supporting numerous workshops and seminars in Vietnam, bringing to Vietnam the Creative Commons and the release of GRE in Vietnam. I hope that in the coming period, with our combined commitment and passion, we are one step closer to solidify and develop the bilateral relationship between the U.S. and Vietnamese institutions and government entities.

I would like to take this opportunity, on behalf of VNU University of Engineering and Technology (VNU-UET), to express my sincere appreciation and gratitude to all VEF members for the hard work, kind support and cooperation in this innovative process.

Sincerely,

Nguyen Ngoc Binh, PhD.

Rector

VNU University of Engineering and Technology

Cc:

Ph.D. Lynne McNamara, VEF Executive Director
