Dear Mr. Chris Fussner,

Greetings from Hue University!

On behalf of Hue University, I would like to extend my highest appreciation and gratitude for your contribution to the development of higher education in Vietnam so far.

Under your support, during the past nine years, hundreds of Vietnamese students have opportunities to complete graduate degrees at top U.S universities, Vietnamese and American experts can benefit from mutual academic and scientific exchanges. VEF has not only provided tremendous financial support but also strong encouragement for those Vietnamese who strive for professional and academic knowledge.

We hope that VEF will continue making more value to Vietnam in the upcoming years. The continuance of VEF's contribution will be truly significant for Vietnamese universities and Hue University in particular.

We wish all the best for our further cooperation.

Yours sincerely,

Nguyen Van Toan  
President
